

leadership as commander of the Oklahoma Air National Guard's 138th Fighter Wing located at the Tulsa Air National Guard Base. He relinquishes command this Saturday.

Colonel Burgy received his Air Force ROTC commission at Arizona State University. He transitioned to the Oklahoma National Guard as a C-26 inspector pilot before retraining in the F-16. Colonel Burgy has logged over 3,800 military flight hours and deployed five times to fight our Nation's wars.

As the 138th commander since December 2012, Colonel Burgy led the Air National Guard's best fighter wing of over 1,200 airmen. He exemplifies the self-sacrifice and patriotism of the citizen warriors in the National Guard.

Colonel Burgy, thank you for your outstanding service to the 138th, the National Guard, and our country.

#### SELECT COMMITTEE ON BENGHAZI

(Mr. ELLISON asked and was given permission to address the House for 1 minute.)

Mr. ELLISON. Mr. Speaker, we always knew that KEVIN MCCARTHY and the Republican Caucus had gotten together to set up this Benghazi task force in order to do a political stunt, but I never thought they would admit it. I was shocked.

I mean, could you imagine me or any Member of this House setting up a \$4.5 million task force for the sole purpose of electioneering? Everyone in that task force, every staffer, was essentially a campaign staffer and, yet, paid for with government money to impact a Presidential election.

This is a scandal, people. I cannot believe what I heard. We all knew it was going on, but we couldn't prove it. Now it is documentary proof in front of literally millions of Americans, bragged about and set out as: Yeah. We did it, and it is an achievement we are proud of.

Now, if one Member were to use their Congressional office to campaign, that would be an ethics complaint. What if a whole caucus does it?

#### FIFTH ANNIVERSARY OF THE JAMES A. LOVELL FEDERAL HEALTH CARE CENTER

(Mr. DOLD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DOLD. Mr. Speaker, I rise today to extend my congratulations to the Captain James A. Lovell Federal Health Care Center on its 5-year anniversary.

The Lovell Federal Health Center is the Nation's first and only integrated Department of Veterans Affairs and Department of Defense medical center. In just 5 years, the Center has demonstrated the merits of combining two different healthcare systems.

Through hard work and dedication, the Lovell staff has shown that one

healthcare facility can annually provide excellent care to over 90,000 military personnel, their families, military retirees, and veterans.

I would like to personally congratulate Director Stephan Holt and Deputy Director Navy Captain Bob Buckley. Their vision and enthusiasm facilitated the integration tremendously.

I look forward to celebrating many more anniversaries of the Lovell Federal Health Care Center, and I would like to again congratulate and thank them for their hard work on behalf of our veterans and military personnel.

#### HANFORD LAND TRANSFER

(Mr. NEWHOUSE asked and was given permission to address the House for 1 minute.)

Mr. NEWHOUSE. Mr. Speaker, I rise to recognize a significant milestone in Richland, Kennewick, and Pasco, Washington.

While the Tri-Cities led the way in ending World War II and the cold war and was very proud to do so, the Federal Government has a legal and moral obligation to clean up the legacy nuclear waste at Hanford. This week we celebrate a cleanup milestone and the transfer of more than 1,600 acres of land back to these communities.

This transfer represents the culmination of years of local efforts as well as bipartisan, bicameral cooperation. I commend the work of Doc Hastings and Senators MURRAY and CANTWELL that laid the groundwork for this achievement.

As Hanford's cleanup mission is completed, this unneeded Federal land should continue to be returned to the local community for the goals of conservation, preservation, public access, and economic development to be achieved.

This long anticipated land transfer will be used for industrial and energy production and creates jobs and boosts economic development in the mid-Columbia region. This week's transfer is an exciting step for the post-Hanford future. I will continue to work with all parties to have more land returned to the community.
